# ASTRO TRAINING

## SUBSCRIBE AND GET UNLIMITED COURSE ACCESS

Motorola Solutions has long provided product technology training and documentation. Today's customer needs extend beyond the value of product technology education. Simplifying a customer's overall education environment helps ensure user success and readiness. To help you keep your skills sharp, we offer a learning subscriptions program that is cloud-based and centrally-hosted, so you can scale the subscription to your own needs. A Learning Subscription provides the continuous, curated education experiences that both maximize your technology investments as well as optimize your learning operations.

### ASTRO HUB

Prepare your team to operate, administer, and maintain your ASTRO Solutions, achieving optimal organizational efficiency. Our ASTRO Hub offers a variety of teaching methods and courses to provide timely, relevant and custom-fit for your needs.

### BUILD EXPERTISE WITH LIVE VIRTUAL PROFESSOR SESSIONS

Virtual Professor sessions allow you to spend time in a live virtual environment with several technical instructors who have decades of experience working on and training others on Motorola Solutions' technologies. Expand your knowledge and skill sets by getting the chance to ask questions tailored specifically to your needs.

### ACTIONABLE REPORTING

Track training with access to user transcripts and training history. Assign training, manage teams, create groups and add sub-admins quickly and easily. Identify areas of improvement and build skills in your agency.

### CURATED LEARNING TRACKS SPECIFIC TO ROLES & TASKS

Receive learning recommendations from our expert content teams. Learning paths are curated by our team to provide guidance on what training a learner should consume based on their roles, tasks and technologies. Develop the skills needed to be successful in your role through curated course selections
